Equally, if you get caught using an account generated through these programs, there are big consequences. The official Roblox site strongly advises against using schemes like account generators. They say that anyone asking you to input your details anywhere is scamming you, and that you won't receive a glitched account or free Robux. The terms of service also warn against it, too. They say that you cannot obtain "exploited game or experience content." This includes hacked accounts with Robux. If you're caught doing this, they reserve the right to immediately close your account.

A good year or so I wrote an article called 'What is Roblox?'. At the time I was new to the game that my young son had started playing and thought it a good idea to educate people on what the 'game' actually was. After playing with my son for over a year on Roblox I felt it was time to rewrite the article as there is plenty that the original didn't cover.

Roblox is one of those games that seems to have been around forever. The free-to-play multiplayer game has been a hit with kids and adults alike for years. However, the allure of Roblox account generators has always been strong. Supposedly, they'll create an account loaded with free bonus items, and a stash of Robux to spend on items. This leaves one big question – are free account generators safe to use?

There are also a handful of free Roblox clothes and items you can earn simply by playing certain games. Here's a list of all the games that give you free Roblox items:

You could set up a private party in Roblox's dedicated space, which can almost feel like a virtual rave. But I'd expect that more Roblox birthday parties look like a bunch of friends opening up the app, partying up, and just jumping from game to game and world to world right from the launcher. In the span of an hour, you can hop through all kinds of different experiences because the app loads everything really quickly, which means it's pretty easy to replicate the chaotic energy of a real kids' birthday party.

Generally speaking, you're better off avoiding Roblox account generators. Not only are they unlikely to give you the wealth of riches they promise, but they could also land you in trouble with the Roblox Corporation.

That's a tough question to answer, actually. Often, playing a "good" Roblox game or even being good at a game is secondary to just hanging out with your friends. A lot of games lean into this more relaxed vibe by focusing heavily on roleplaying elements — and I mean roleplaying in the most literal sense of the term. In one game I tried, I worked at a pizza parlor. In another, Animal Simulator, I galloped around a virtual world as a horse.

Thanks for asking. It's Theme Park Tycoon 2, a Roller Coaster Tycoon clone that brought back a lot of my capitalist theme park-building instincts from my childhood. I've been going out of my way to avoid playing it so that I can actually finish this article. I also like jumping into random obbys, like this McDonald's-themed one.

But it's also just an astonishingly popular app: 42.1 million people play Roblox daily. And its popularity is surging during the pandemic. Daily active users were up 85 percent in 2020, compared to the year before.

Answer: There is no such thing as a Robux Generator. If a person, website, or game tries to tell you there is one, this is a scam and should be reported via our Report Abuse system.

Roblox has big plans for other virtual music events as it works to realize its version of a metaverse. At the end of March, rock duo Royal Blood performed during the in-game "Bloxys" awards and premiered a new song. Also, Roblox would really like not to get sued over music rights, so it just signed deals with Sony and BMG.

Premium Roblox players (those with a subscription) tend to be more likely to spend their Robux on specialty game-specific items and upgrades.
